

Photograph Submission Rules for the 2023 OAC Ontario Crag Calendar

Only photos with **LANDSCAPE orientation** (i.e. horizontal), featuring wide-angle shots of ONTARIO crags are preferred. Submissions featuring a variety of climbing (ICE, SPORT, TRAD and BOULDERING) at a variety of crags will be preferred.

Photographers will be asked to provide a high-res version of their image if selected for the 2023 calendar. The photograph must be available in one of the following formats: JPG, GIF, PNG, or BMP and 300dpi. Photographs may be cropped for best fit. They will be printed at 8"x11".

Entrants must obtain permission from any climbers featured in the photograph or, if minors are photographed, written permission from their parent or legal guardian.

All content submitted by entrants may be posted to public viewing galleries on the OAC website (or on social media, including Facebook and/or Instagram) including the photograph and name of the individual who submitted the photograph. By submitting your photo, each entrant acknowledges and agrees that submitting a photograph for a chance to be featured in the calendar brings your submission within the public view and the OAC will not be held liable for any copying, re-posting, unauthorized or unlawful use of the submitted photograph that may result. The entrant warrants that the submission is owned by the entrant and does not infringe on anyone's trademark, copyright or other intellectual property.

All photograph submissions will be reviewed by an OAC volunteer to ensure that the submission is suitable for publication (i.e. must not be offensive, obscene or indecent, depict violence or discriminatory behavior).

CONDITIONS OF SUBMISSION: By submitting to the OAC 2023 photo calendar, entrants acknowledge compliance with these official guidelines including all eligibility requirements; agree to abide by these Official Rules.
